NOTICE TO DEFENDANT: THE CITY OF LOS ANGELES, THE LOS
(AVISO AL DEMANDADO): ANGELES COUNTY ASSESSOR'S OFFICE;
and DOES 1 through 10, inclusive

FOR COURT USE ONLY
(SOLO PARA USO DE LA CORTE)
CONFORMED COPY
OF ORIGINAL FILED
Los Angeles Superior Court

JUL 18 2012

John A. Clarke, Executive Officer/Clerk
By *[Signature]* Deputy
SHAUNA WESLEY

YOU ARE BEING SUED BY PLAINTIFF: HILL RHF HOUSING
(LO ESTÁ DEMANDANDO EL DEMANDANTE): PARTNERS, L.P., a
California limited partnership; **OLIVE RHF HOUSING**
PARTNERS, L.P., a California limited partnership

NOTICE! You have been sued. The court may decide against you without your being heard unless you respond within 30 days. Read the information below.

You have 30 CALENDAR DAYS after this summons and legal papers are served on you to file a written response at this court and have a copy served on the plaintiff. A letter or phone call will not protect you. Your written response must be in proper legal form if you want the court to hear your case. There may be a court form that you can use for your response. You can find these court forms and more information at the California Courts Online Self-Help Center (www.courtinfo.ca.gov/selfhelp), your county law library, or the courthouse nearest you. If you cannot pay the filing fee, ask the court clerk for a fee waiver form. If you do not file your response on time, you may lose the case by default, and your wages, money, and property may be taken without further warning from the court.

There are other legal requirements. You may want to call an attorney right away. If you do not know an attorney, you may want to call an attorney referral service. If you cannot afford an attorney, you may be eligible for free legal services from a nonprofit legal services program. You can locate these nonprofit groups at the California Legal Services Web site (www.lawhelpcalifornia.org), the California Courts Online Self-Help Center (www.courtinfo.ca.gov/selfhelp), or by contacting your local court or county bar association. **NOTE:** The court has a statutory lien for waived fees and costs on any settlement or arbitration award of \$10,000 or more in a civil case. The court's lien must be paid before the court will dismiss the case. **AVISO!** Lo han demandado. Si no responde dentro de 30 días, la corte puede decidir en su contra sin escuchar su versión. Lea la información a continuación.

Tiene 30 DÍAS DE CALENDARIO después de que le entreguen esta citación y papeles legales para presentar una respuesta por escrito en esta corte y hacer que se entregue una copia el demandante. Una carta o una llamada telefónica no lo protegen. Su respuesta por escrito tiene que estar en formato legal correcto si desea que procesen su caso en la corte. Es posible que haya un formulario que usted pueda usar para su respuesta. Puede encontrar estos formularios de la corte y más información en el Centro de Ayuda de las Cortes de California (www.succorte.ca.gov), en la biblioteca de leyes de su condado o en la corte que le quede más cerca. Si no puede pagar la cuota de presentación, pida al secretario de la corte que le dé un formulario de exención de pago de cuotas. Si no presenta su respuesta a tiempo, puede perder el caso por incumplimiento y le corte le podrá quitar su sueldo, dinero y bienes sin más advertencia.

Hay otros requisitos legales. Es recomendable que llame a un abogado inmediatamente. Si no conoce a un abogado, puede llamar a un servicio de remisión a abogados. Si no puede pagar a un abogado, es posible que cumpla con los requisitos para obtener servicios legales gratuitos de un programa de servicios legales sin fines de lucro. Puede encontrar estos grupos sin fines de lucro en el sitio web de California Legal Services, (www.lawhelpcalifornia.org), en el Centro de Ayuda de las Cortes de California, (www.succorte.ca.gov) o poniéndose en contacto con el consejo o el colegio de abogados locales. **AVISO:** Por ley, la corte tiene derecho a reclamar las cuotas y los costos exentos por imponer un gravamen sobre cualquier recuperación de \$10,000 o más de valor recibida mediante un acuerdo o una concesión de arbitraje en un caso de derecho civil. Tiene que pagar el gravamen de la corte antes de que la corte pueda descherar el caso.

20
21 Plaintiffs and Petitioners allege as follows:

22 The Parties

23 1. Plaintiff/Petitioner Hill RHF Housing Partners, L.P. ("Hill LP") is, and at all times
24 relevant to this Complaint was, a California limited partnership with its principal place of business
25 in Los Angeles, California. Hill LP is the owner of real property located at 255 S. Hill Street, Los
26 Angeles, California, which is referred to as "Angelus Plaza," which is within the boundaries of the
27 Downtown Center Business Improvement District. Hill LP is a non-profit provider of housing and
28 services to low-income seniors.

1 2. Plaintiff/Petitioner Hill Olive Housing Partners, L.P. (“Olive LP”) is, and at all times
2 relevant to this Complaint was, a California limited partnership with its principal place of business
3 in Los Angeles, California. Olive LP is the owner of real property located at 200 S. Olive Street, Los
4 Angeles, California, which is referred to as “Angelus Plaza North,” which is within the boundaries
5 of the Downtown Center Business Improvement District. Olive LP is a non-profit provider of
6 housing and services to low-income seniors.

7 3. Both Angelus Plaza and Angelus Plaza North are among the properties operated by
8 Retirement Housing Foundation (“RHF”), one of the nation’s largest non-profit providers of housing
9 and services for low-income seniors. As such, Angelus Plaza and Angelus Plaza North are exempt
10 from property taxes and several other types of taxes, fees, and assessments.

11 4. Defendant/Respondent the City of Los Angeles (“the City”) is a “local agency” as
12 defined by Streets & Highways Code §22530, a “local government” as defined by subdivision (b)
13 of Section 1 of Article XIII C of the California Constitution, and an “agency” as defined by
14 subdivision (a) of Section 2 of Article XIII D of the California Constitution. The City is a public
15 agency required to comply with the applicable provisions of the law of the State of California,
16 including the Constitution of the State of California and the Streets & Highways Code.

17 5. Defendant/Respondent the Los Angeles County Assessor’s Office (“the Assessor”)
18 is a “local agency” as defined by Streets & Highways Code §22530, a “local government” as defined
19 by subdivision (b) of Section 1 of Article XIII C of the California Constitution, and an “agency” as
20 defined by subdivision (a) of Section 2 of Article XIII D of the California Constitution. The
21 Assessor is a public agency required to comply with the applicable provisions of the law of the State
22 of California, including the Constitution of the State of California and the Streets & Highways Code.

23 6. Plaintiff is ignorant of the true names and capacities of defendants sued as DOES 1
24 through 10, inclusive, and therefore sues these defendants by such fictitious names. Plaintiff will
25 amend this complaint to allege their true names and capacities when ascertained.

26 7. Plaintiff is informed and believes that at all times relevant to this Petition and
27 Complaint each of the Defendants, including the Defendants served as DOE, were the agents,
28 affiliates, subsidiaries, employees, co-conspirators, and/or alter egos of one or some of the remaining

1 Defendants, and were at all times acting within the purpose and scope of such agency and
2 employment, and each Defendant has ratified and approved the acts of its agent.

3 8. Venue is proper in this Court because the City and the Assessor are located in Los
4 Angeles County, where the actions complained of occurred and will occur, and the primary business
5 location for each.

6 **Angelus Plaza and Angelus Plaza North**

7 9. Both Angelus Plaza and Angelus Plaza North are located within an R5-4D Zone,
8 which permits multiple-family residential development based on a density of one dwelling per 200
9 square feet of lot area and allows for uses permitted within an R4 Zone. The R5 Zone permits uses
10 including, but not limited to, hotels, motels, hospitals, and skilled nursing care housing. The R4
11 Zone permits uses including, but not limited to, churches, schools, and museums.

12 10. Collectively, Angelus Plaza and Angelus Plaza North, which are comprised of five
13 high-rise towers, is the largest affordable housing community for seniors in the United States.
14 Angelus Plaza and Angelus Plaza North are home to approximately 1,300 low-income elderly
15 residents (average age of 82) who meet affordability requirements established by the United States
16 Department of Housing and Urban Development as well as the Community Redevelopment Agency
17 of the City of Los Angeles (“CRACLA”).

18 11. Angelus Plaza and Angelus Plaza North offer a variety or programs and services to
19 their residents, including, but not limited to, assisted living, health care services, beauty services, and
20 educational services. These services are designed to promote among the senior residents the
21 importance of ongoing education, a healthy and active lifestyle, multi-cultural sharing, and
22 intergenerational involvement. The properties also provide meeting rooms, a dining room, a meals-
23 on-wheels site, a library, a classroom, an activity room, and a 250-seat auditorium.

24 12. Pursuant to a Regulatory Agreement and Declaration of Restrictive Covenants
25 between the CRACLA, an agency of the City, and Hill LP, dated October 1, 2008, use of Angeles
26 Plaza is restricted to a “qualified residential rental property.” Angelus Plaza North is restricted in
27 the same manner pursuant to a Regulatory Agreement and Declaration of Restrictive Covenants
28 between the CRACLA and Olive LP, dated October 1, 2008.

1 **Establishment of The Downtown Center Business Improvement District**

2 13. On April 10, 2012, the Los Angeles City Council (“the City Council”) passed
3 Ordinance No. 182107 (“the Ordinance of Intention”) stating its intent to establish a Property and
4 Business Improvement District to be known as the “Downtown Center Business Improvement
5 District” (“the DCBID”). The Ordinance of Intention, attached hereto as Exhibit A and incorporated
6 by reference, was approved by the Mayor of Los Angeles on April 11, 2012.

7 14. The Ordinance of Intention adopted and confirmed the Management District Plan
8 and Engineer’s Report, both dated January 2012.

9 15. The Engineer’s Report, attached hereto as Exhibit B and incorporated by reference,
10 states the following:

11 a. The duration of the proposed DCBID is five years commencing January 1,
12 2013;

13 b. The proposed DCBID improvement services and activities would include
14 cleaning programs, safety programs, economic development and marketing, special projects, and
15 management;

16 c. The boundaries of the proposed DCBID would be roughly Olympic Blvd. (to
17 the south), the 110 Freeway (to the west), 1st Street (to the north), and Los Angeles Street (to the
18 east);

19 d. The services provided by the DCBID provide a “special benefit” to the
20 individual parcels within the district and “do not confer general benefits on the community as a
21 whole;”

22 e. The proposed DCBID will assess publicly owned parcels within the district
23 in the same manner as privately owned parcels;

24 f. The proposed DCBID will assess the proportional special benefit among the
25 real property within the district via assessable square footage of the parcel;

26 g. The maximum assessment operating budget of the proposed DCBID for the
27 calendar year 2013 is a total of \$5,953,700, which may be increased up to five percent per year;

28 h. Based on the operating budget and the assessable square footage in the district,

1 the Engineer's Report also provided an "Assessment Roll" demonstrating the 2013 assessments for
2 each parcel within the district;

3 i. The 2013 assessment the properties within the boundaries of the district.

4 16. The Management District Plan, attached hereto as Exhibit C and incorporated by
5 reference, restated the findings of the Engineer's Report and stated the DCBID's governance,
6 procedure, and rules. Although not mentioned in the Engineer's Report, the Management District
7 Plan stated that the "Treatment of Residential Housing" would be as follows:

8 In accordance with Section 36632(c) of the California Streets and Highways Code,
9 properties zoned solely for residential or agriculture use are conclusively presumed
10 not to receive a special benefit from the improvements and service provided through
11 the assessments of the District and are not subject to any assessment pursuant to
Section 36632(c). Therefore, properties zoned solely for residential or agricultural
use within the boundaries of the district, if any, will not be assessed. The District
does not contain any parcels that are zoned solely for residential use.

12 17. The Management District Plan shows that the DCBID includes the heart of the
13 downtown Los Angeles commercial district including several high-rise office buildings occupied by
14 some of the nation's largest accounting firms, law firms, real estate and development companies,
15 banks, investment companies, and other large corporations or commercial enterprises. In addition,
16 the DCBID includes the Staples Center, LA Live, the Los Angeles Convention Center, and several
17 other large commercial centers. The vast majority of these are for profit enterprises. The office
18 buildings in downtown Los Angeles are owned by some of the largest real estate and business
19 enterprises in the country.

20 18. Neither the Engineer's Report nor the Management District Plan stated how
21 properties actually put to a solely residential use would be specially benefitted by the services
22 provided under the DCBID.

23 19. Neither the Engineer's Report nor the Management District Plan stated how Angelus
24 Plaza or Angelus Plaza North would be specially benefitted by the services provided under the
25 DCBID.

26 20. The Ordinance of Intention stated that the City Council would hold a public hearing
27 to determine whether to establish the DCBID and levy assessments on June 12, 2012.

28 21. On May 15, 2012, after receiving notice of the Ordinance of Intention, representatives

1 of RHF, Hill LP, and Olive LP (collectively "Plaintiffs") met with representatives of the DCBID to
2 discuss the proposed assessments concerning Angelus Plaza and Angelus Plaza North. This meeting
3 was followed up with a letter from Plaintiffs to the DCBID on May 24, 2012, attached hereto as
4 Exhibit D and incorporated by reference, which requested that Angelus Plaza and Angelus Plaza
5 North be exempt from assessments under the DCBID on the ground that only residential use was
6 made of both properties.

7 22. In a letter dated May 31, 2012, attached hereto as Exhibit E and incorporated by
8 reference, counsel for the DCBID responded by stating that Angelus Plaza and Angelus Plaza North
9 were subject to DCBID assessments because they were not zoned solely for residential use.

10 23. In a letter dated June 8, 2012, attached hereto as Exhibit F, Plaintiffs requested that
11 Angelus Plaza and Angelus Plaza North be exempted from DCBID assessments based on their non-
12 profit status and their residential, rather than commercial, use. At this time, Plaintiffs also informed
13 the DCBID and the City Council that use of the properties were restricted to providing affordable
14 senior rental housing via agreements with the CRACLA. Neither the DCBID nor the City Council
15 responded to Plaintiffs' renewed request.

16 24. On June 12, 2012, the City Council held a public hearing regarding whether to
17 establish the DCBID and levy assessments. Ballots were submitted by owners of property within
18 the district to be assessed by the DCBID.

19 25. At the June 12, 2012 hearing, Plaintiffs submitted ballots opposing the establishment
20 of the DCBID.

21 26. On June 14, 2012, the Deputy City Clerk tabulated the ballots of property owners.
22 Of the 346 ballots submitted, 245 voted to establish the DCBID and 101 voted against the
23 establishment. The vote tabulation reflected that Plaintiffs submitted a valid written protest.
24 Although the assessments of the DCBID were approved by a majority of the property owners within
25 the district, the vast majority of which are for profit commercial enterprises, the matter was never
26 voted on by the applicable taxpayers in the city, county, or state.

27 27. On June 19, 2012, the City Council approved and adopted the DCBID. Attached
28 hereto as Exhibit G is the City Council's approval.

28. Attached hereto as Exhibit G and incorporated by reference, is the City's document demonstrating

29. In a letter dated July 6, 2012, attached hereto as Exhibit H and incorporated by reference, Plaintiffs demanded that the DCBID be modified so that Angelus Plaza and Angelus Plaza North be exempted from any and all assessments from the DCBID.

30. In a letter dated July 11, 2012, attached hereto as Exhibit I and incorporated by reference, the DCBID informed Plaintiffs that it would not amend the Management District Plan to exempt either Angelus Plaza or Angelus Plaza North from any assessments.

31. Plaintiffs have exhausted all administrative remedies to avoid being subject to the DCBID assessments.

32. An actual controversy exists between Plaintiffs and Defendants as to whether the DCBID and its assessments, both in general and as to Plaintiffs, are valid and comport with the applicable provision of the Constitution of the State of California and the Streets & Highways Code. Plaintiffs contend that Defendants are attempting to assess and collect a property tax, which has not been approved by two-thirds of the electorate in conformity with the California Constitution.

33. As a non-profit provider of housing and services to low-income seniors, all funds that are not assessed by the DCBID will increase the total amount of funds available to Plaintiffs with which to provide services to the low-income senior residents of Angelus Plaza and Angelus Plaza North and to provide low-income housing to seniors.

34. The requirements of the Constitution of the State of California and the Streets & Highways Code, upon which the instant Petition and Complaint seek to enforce, constitute important rights affecting the public interest as defined under Code of Civil Procedure §1021.5.

FIRST CAUSE OF ACTION

**Violation of the Requirement to Levy Assessments Based on Benefit to Property
(Streets & Highways Code §36632)**

(Against All Defendants)

35. Plaintiffs hereby repeat and reallege Paragraphs 1 through 33 of this Complaint as though set forth in full at this point.

1 36. Under California Streets and Highways Code §36632(a), “the assessments levied on
2 real property pursuant to this part shall be levied on the basis of the estimated benefit to the real
3 property within the property and business improvement district.”

4 37. Under California Streets and Highways Code §36632(a), “properties zoned solely for
5 residential use [] are conclusively presumed not to benefit from the improvements and served funded
6 through these assessments, and shall not be subject to any assessment pursuant to this part.”

7 38. The DCBID, as approved and adopted by the City, failed to levy assessments based
8 on the estimated benefit of the services of the DCBID to Angelus Plaza and/or Angelus Plaza North.

9 39. Prior to approving and adopting the DCBID, the City was aware that both Angelus
10 Plaza and Angelus Plaza North were restricted by Defendant from being put toward anything other
11 than residential use. In particular, the City had restricted the properties to be used exclusively for
12 rental housing for low-income seniors.

13 40. The City made no findings that the improvements and services provided by the
14 DCBID provided any benefit to residential properties or properties restricted to be used for rental
15 housing for low-income seniors. In fact, these issues were never even analyzed by the City. The
16 Management District Plan simply concludes that, because no properties within the district were
17 zoned solely residential, all properties were subject to the assessment. Establishing a blanket
18 assessment over all properties other than those “conclusively presumed not to benefit” does not
19 fulfill the City’s statutory obligation to levy assessments based on estimated benefit.

20 41. As to Angelus Plaza and Angelus Plaza North, the City failed to comply with the
21 requirements of Streets & Highways Code §36632(a) to levy assessment based on the estimated
22 benefit that these properties would receive from the DCBID services and improvements.

23 42. Plaintiffs are entitled to a Writ of Mandate commanding that the City modify the
24 DCBID to exempt Angelus Plaza and Angelus Plaza North from any and all DCBID assessments
25 on the ground that the City failed to comply with the requirements of Streets & Highways Code
26 §36632(a) to levy assessments against Angelus Plaza and Angelus Plaza North based on the
27 estimated benefit that these residential properties would receive from the DCBID services and
28 improvements.

43. Plaintiffs are entitled to a Declaration that the City failed to comply with the requirements of Streets & Highways Code §36632(a) to levy assessments against Angelus Plaza and Angelus Plaza North based on the estimated benefit that these residential properties would receive from the DCBID services and improvements.

44. Plaintiffs are entitled to an order enjoining the City and the Assessor from collecting assessments, fees, and/or special taxes associated with the DCBID from Plaintiffs, or any other property owner to be assessed under the DCBID, on the ground that the City failed to comply with the requirements of Streets & Highways Code §36632(a) to levy assessments against Angelus Plaza and Angelus Plaza North based on the estimated benefit that these residential properties would receive from the DCBID services and improvements.

SECOND CAUSE OF ACTION

Violation of the Requirement to Separate and Quantify Specific and General Benefits

(California Constitution, Article XIII D)

(Against All Defendants)

45. Plaintiffs hereby repeat and reallege Paragraphs 1 through 43 of this Complaint as though set forth in full at this point.

46. Under Section 4(a) of Article XIII D of the California Constitution, “[o]nly special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel.”

47. Although purporting to separate the special benefits received by properties within the district and general benefits received by the public at large from the DCBID's improvements and services, the Engineer's Report as finally confirmed fails to fulfill the City's statutory obligations. Rather than separating the general benefits accruing to the public at large, the Engineer's Report erroneously denies the existence of these general benefits.

48. A key component of the improvements and services to be provided by the DCBID are those designed to promote the overall safety of the district. For example, the Engineer's Report states that the DCBID will provide "security services [] in the form of patrolling bicycle personnel, nighttime vehicle patrol, and downtown ambassadors." The Engineer's Report states that these

1 measures are designed to “deter such illegal activities such as public urination, indecent exposure,
2 trespassing, drinking in public, prostitution,” and other activities.

3 49. Another key component of the improvements and services to be provided by the
4 DCBID are those designed to promote the overall cleanliness of the district. For example, the
5 Engineer’s Report states that the DCBID services will include sidewalk cleaning, trash collection,
6 graffiti and handbill removal, and landscaping.

7 50. The DCBID’s services designed to improve the safety and cleanliness of the public
8 streets within the district are intended to provide substantial benefits to public at large and are not
9 limited to any special benefits received by the parcels within the district.

10 51. Despite the general benefits received by the public at large, 100% of the annual
11 assessment obligation is being apportioned among the parcels within the district, including Angelus
12 Plaza and Angelus Plaza North, without any adjustment for the amount of benefit received by the
13 public at large.

14 52. The City’s failure to recognize and account for the general benefits accruing to the
15 public at large from the DCBID’s services violates Section 4(a) of Article XIII D of the California
16 Constitution because it results in the value of general benefits, rather than only special benefits,
17 being improperly assessed to parcels within the district.

18 53. Plaintiffs are entitled to a Writ of Mandate commanding that the City modify the
19 DCBID to exempt Angelus Plaza and Angelus Plaza North from any and all DCBID assessments
20 on the ground that the City failed to comply with Section 4(a) of Article XIII D of the California
21 Constitution when forming the DCBID because it failed to separate special benefits from general
22 benefits.

23 54. Alternatively, Plaintiffs are entitled to a Declaration that the DCBID is invalid as to
24 Plaintiffs because the City failed to comply with Section 4(a) of Article XIII D of the California
25 Constitution when forming the DCBID.

26 55. Plaintiffs are entitled to a Declaration that the DCBID is invalid in its entirety because
27 the City failed to comply with Section 4(a) of Article XIII D of the California Constitution when
28 forming the DCBID because it failed to separate special benefits from general benefits.

56. Plaintiffs are entitled to an order enjoining the City and Assessor from collecting assessments, fees, and/or special taxes associated with the DCBID from Plaintiffs, or, alternatively, any property owner to be assessed under the DCBID, on the ground that the City failed to comply with Section 4(a) of Article XIII D of the California Constitution when forming the DCBID because it failed to separate special benefits from general benefits.

THIRD CAUSE OF ACTION

Violation of the Requirement to Base Assessments on Expenditures

(California Constitution, Article XIII D)

(Against All Defendants)

57. Plaintiffs hereby repeat and reallege Paragraphs 1 through 55 of this Complaint as though set forth in full at this point.

58. Under Section 4(a) of Article XIII D of the California Constitution, the City is required to base the DCDIB assessments on a calculation of the cost of the particular public improvement to be financed by the assessment. It is not sufficient to base the assessments on the DCBID's projected annual budget.

59. The Engineer's Report makes no attempt to determine the actual cost of the particular service to be provided by the DCBID. Rather, the Engineer's Report simply states the DCBID's "2013 Operating Budget" and the assessable square footage within the district. From these two figures, the Engineer's Report calculates the amount of assessment per square foot, which determines the assessment to each parcel.

60. The City's methodology in calculating the assessment of the DCBID violates Section 4(a) of Article XIII D of the California Constitution because the DCBID's budget, rather than the actual expense of its services, determines the amount of assessment to each parcel.

61. Plaintiffs are entitled to a Writ of Mandate commanding that the City modify the DCBID to exempt Angelus Plaza and Angelus Plaza North from any and all DCBID assessments on the ground that City's methodology in calculating the assessment of the DCBID violates Section 4(a) of Article XIII D of the California Constitution because the DCBID's budget, rather than the actual expense of its services, determines the amount of assessment to each parcel.

62. Plaintiffs are entitled to a Declaration that the DCBID is invalid as to Plaintiffs because the City's methodology in calculating the assessment of the DCBID violates Section 4(a) of Article XIII D of the California Constitution because the DCBID's budget, rather than the actual expense of its services, determines the amount of assessment to each parcel.

63. Alternatively, Plaintiffs are entitled to a Declaration that the DCBID is invalid in its entirety because the City's methodology in calculating the assessment of the DCBID violates Section 4(a) of Article XIII D of the California Constitution because the DCBID's budget, rather than the actual expense of its services, determines the amount of assessment to each parcel.

64. Plaintiffs are entitled to an order enjoining the City and the Assessor from collecting assessments, fees, and/or special taxes associated with the DCBID from Plaintiffs, or, alternatively, any property owner to be assessed under the DCBID, on the ground that the City's methodology in calculating the assessment of the DCBID violates Section 4(a) of Article XIII D of the California Constitution because the DCBID's budget, rather than the actual expense of its services, determines the amount of assessment to each parcel.

FOURTH CAUSE OF ACTION

Failure to Recognize Tax Exempt Non-Profit Status

(Revenue & Taxation Code §214, 26 U.S.C. §501)

(Against All Defendants)

65. Plaintiffs hereby repeat and reallege Paragraphs 1 through 63 of this Complaint as though set forth in full at this point.

66. As qualifying charitable non-profit organizations under Revenue & Taxation Code §214 and 26 U.S.C. §501, Plaintiffs are exempt from property taxes and certain fees and assessments.

67. Plaintiffs are actually using Angelus Plaza and Angelus Plaza North in a manner consistent with their status as charitable non-profit entities providing housing and services to low-income seniors.

68. Despite Plaintiffs' tax exempt status, the City has adopted the DCBID, which seeks to assess, levy and collect property taxes, assessments, and other taxes and fees against Plaintiffs in

1 violation of their tax exempt status.

2 69. Plaintiffs are entitled to a Writ of Mandate commanding the City to modify the
3 DCBID to exempt Angelus Plaza and Angelus Plaza North from any and all DCBID taxes, fees, or
4 assessments due to Plaintiffs' tax exempt status.

5 70. Plaintiffs are entitled to a Declaration that Angelus Plaza and Angelus Plaza North
6 are exempt from any and all DCBID taxes, fees, or assessments due to Plaintiffs' tax exempt status.

7 71. Plaintiffs are entitled to an order enjoining the City and the Assessor from collecting
8 assessments, fees, and/or special taxes associated with the DCBID from Plaintiffs because Angelus
9 Plaza and Angelus Plaza North are exempt from any and all DCBID taxes, fees, or assessments due
10 to Plaintiffs' tax exempt status.

11 WHEREFORE, Plaintiffs pray judgment against the defendants as follows:

12 1. For issuance of a peremptory writ of mandate pursuant to Code of Civil Procedure
13 §1085 commanding the Defendants, and each of them, to exempt Angelus Plaza and Angelus Plaza
14 North from any and all assessments, fees, and/or special taxes associated with the DCBID because
15 the City failed to comply with the applicable provisions of the Constitution of the State of California
16 and/or the Streets & Highways Code and/or failed to recognize Plaintiffs' tax exempt non-profit
17 status.

18 2. Alternatively, for a declaration that the DCBID is invalid as to Angelus Plaza and
19 Angelus Plaza North because the City failed to comply with the applicable provisions of the
20 Constitution of the State of California and/or the Streets & Highways Code and/or failed to recognize
21 Plaintiffs' tax exempt non-profit status.

22 3. For a declaration that the DCBID is invalid in its entirety because the City failed to
23 comply with the applicable provisions of the Constitution of the State of California and/or the Streets
24 & Highways Code and/or failed to recognize the non-profit status of property owners.

25 4. For an Order enjoining the City and the Assessor from collecting assessments, fees,
26 and/or special taxes associated with the DCBID, from spending proceeds from those assessments
27 and special taxes, and from making use of the proceeds of the assessments and special taxes except
28 to refund those proceeds to property owners with interest because the City failed to comply with the

1 applicable provisions of the Constitution of the State of California and/or the Streets & Highways
2 Code and/or failed to recognize Plaintiffs' tax exempt non-profit status.

5. For costs of suit;
6. For attorney's fees pursuant to Code of Civil Procedure §1021.5.
7. For such other relief as the court may deem proper.

ORDINANCE NO. 182107

An Ordinance of Intention to establish a Property and Business Improvement District to be known as the "Downtown Center Business Improvement District" pursuant to the Provisions of the Property and Business Improvement District Law of 1994 (Division 18, Part 7, Streets and Highways Code, State of California) and to levy assessments.

WHEREAS, the Property and Business Improvement District Law of 1994 authorizes cities to establish Property and Business Improvement Districts for the purpose of levying assessments on real property for certain purposes; and

WHEREAS, property owners in the Downtown Center business community who will pay more than 50 percent of the total amount of assessments to be levied, have filed written petitions requesting that the City Council establish a district to be named the Downtown Center Business Improvement District.

NOW THEREFORE,

**THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:**

Section 1. DECLARATION. Pursuant to the provisions of Property and Business Improvement District Law of 1994, Section 36600 *et seq.*, of the Streets and Highways Code (Act), the City Council declares its intention to consider the establishment of a Property and Business Improvement District to be named the Downtown Center Business Improvement District (District).

Sec. 2. ADOPTION OF ENGINEER'S REPORT AND MANAGEMENT DISTRICT PLAN. The City Council hereby adopts, approves and confirms the Engineer's Report and the Management District Plan included in Council File No. 12-0422.

Sec. 3. PARCELS WITHIN THE DISTRICT. The City Council hereby affirms its finding that all parcels, which will have a special benefit conferred upon them and upon which an assessment will be imposed, are identified in the Management District Plan.

Sec. 4. PROPORTIONAL BENEFIT. The City Council hereby reaffirms that the assessment proposed to be imposed on each parcel does not exceed the reasonable cost of the proportional benefit conferred on that parcel.

Sec. 5. SEPARATION OF GENERAL AND SPECIAL BENEFITS. The City Council hereby affirms that it has separated the general benefits, if any, from the special benefits conferred on each parcel.

Sec. 6. ASSESSMENTS SUPPORTED BY ENGINEER'S REPORT. The City Council hereby affirms that all proposed assessments are supported by a detailed engineer's report prepared by a registered professional engineer certified by the state of California.

Sec. 7. DISTRICT BOUNDARIES. The City Council hereby declares that the boundaries of the proposed District are as detailed in the Management District Plan. The Downtown Center BID consists of 65 blocks of the west, northwestern and central downtown area of Los Angeles; bounded by the 110 Harbor Freeway on the west, 1st Street on the north, Hill Street, Main Street and Los Angeles Street on the East and 9th Street and Olympic Boulevard on the south. All property within the approximate boundaries described above are included in the proposed District.

There are 2,638 parcels owned by 1,663 stakeholders in the proposed District. The map included in the District's Management District Plan gives sufficient detail to locate each parcel of property within the proposed District.

Sec. 8. IMPROVEMENTS AND ACTIVITIES. The City Council hereby declares that the proposed activities and improvements to be funded by the levy of assessments on property within the District are detailed in the Management District Plan. They include, but are not limited to, Clean and Safe, Economic Development and Marketing, Special Projects, Reserve, Delinquency and Administration.

Sec. 9. ANNUAL ASSESSMENTS AND DURATION. The District's total assessment for five (5) years is estimated to be \$32,897,952. The District's total annual assessment for the first year is estimated to be \$5,953,700. Annual assessments for subsequent years may be adjusted by a flat percentage rate to be determined by the Owners' Association, not to exceed five percent of the previous year's rate. It is proposed that the District be established for a five (5) year period. The District will not issue bonds.

Sec. 10. COLLECTION OF ASSESSMENTS. The City Council hereby declares that to the extent possible, assessments shall be collected at the same time and in the same manner as County ad valorem property taxes and shall be subject to all laws providing for the collection and enforcement of assessments. For properties that do not appear on the County tax rolls or for assessments for any years in which the City is unable to transmit the assessment information to the County in sufficient time for the County to collect the assessments with the County ad valorem property taxes, the City Clerk may bill and collect the assessments by mailing assessment notices (Statement of Assessment Due) to each property owner within the District at the address shown on City records. Assessments billed by the City Clerk are due 45 calendar days after the Statement of Assessment Due.

Sec. 11. NOTICE, PROTESTS AND HEARING PROCEDURES. The City Clerk shall follow the notice, protest, and hearing procedures prescribed in the Proposition

218 Omnibus Implementation Act (California Government Code, Section 53750 *et seq.*).

Sec. 12. PUBLIC HEARING. The City Council will hold a public hearing to determine whether to establish the District and levy assessments on JUN 12 2012 at 10:00 a.m., or as soon thereafter as City Council business permits, and on any hours and days for continued hearing as ordered by the City Council, in the John Ferraro Council Chamber, Room 340, City Hall, 200 North Spring Street, Los Angeles, California 90012. At the hearing, all interested persons will be permitted to present written or oral testimony, and the City Council will consider all objections or protests to the proposed assessment.

Sec. 13. NOTICE TO RECORD OWNERS. The City Clerk shall give notice of the public hearing, in the manner specified in Government Code Section 53753, to the record owner of each parcel subject to the levy of an assessment. The notice shall be given at least 45 days before the public hearing date and shall specify that the public hearing will be to determine whether the City Council will establish the District and levy assessments.

Sec. 14. TABULATION OF ASSESSMENT BALLOTS. At the conclusion of the public hearing, the City Clerk shall tabulate all assessment ballots that have been submitted and not withdrawn. To be included in the tabulation, assessment ballots must be received by the City Clerk either at the address indicated in the notice required by Government Code Section 53753 or at the site of the public hearing prior to the conclusion of the public hearing. The City Clerk will certify the results of the tabulation to the City Council during its meeting on JUN 19 2012 at 10:00 a.m., or as soon thereafter as City Council business permits, in the John Ferraro Council Chamber, Room 340, City Hall, 200 North Spring Street, Los Angeles, California 90012.

Sec. 15. MAJORITY PROTEST. If there is a majority protest against the imposition of the assessment, the City Council will not impose the assessment. A majority protest will exist if the assessment ballots submitted, and not withdrawn, in opposition to the proposed assessment exceed the assessment ballots submitted, and not withdrawn, in its favor, weighting those assessment ballots by the amount of the proposed assessment to be imposed upon the identified parcel for which each assessment ballot was submitted.

Sec. 16. AMENDMENT TO ENABLING STATUTE. The properties and businesses within the District established by this Ordinance shall be subject to any amendments to the Property and Business Improvement District Law of 1994 (Division 18, Part 7, Streets and Highways Code, State of California).

Sec. 17. The City Clerk shall certify to the passage of this ordinance and have it published in accordance with Council policy, either in a daily newspaper circulated in the City of Los Angeles or by posting for ten days in three public places in the City of Los Angeles: one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall; one copy on the bulletin board located at the Main Street entrance to the Los Angeles City Hall East; and one copy on the bulletin board located at the Temple Street entrance to the Los Angeles County Hall of Records.

I hereby certify that this ordinance was passed by the Council of the City of Los Angeles, at its meeting of APR 10 2012

ENGINEER'S STATEMENT

This Report is prepared pursuant to Section 36600 et seq. of the California Streets and Highways Code (the "Property and Business Improvement District Law of 1994" as amended) (herein after "State Law") and pursuant to the provisions of Article XIIIID of the California Constitution (Proposition 218).

The Downtown Center Property-Based Business Improvement District ("District") will provide services either currently not provided, or not provided to the same degree, by the City of Los Angeles. These services will specially benefit individual assessable parcels in the Downtown Center area. Every individual assessed parcel within the District receives special benefit from the Clean and Safe, Economic Development and Marketing activities. Only those parcels within the District receive the special benefit of these proposed activities (Exhibit A); parcels contiguous to and outside the District do not receive the service or special benefit from the proposed services.

The duration of the proposed District is five (5) years commencing January 1, 2013. An estimated budget for the District improvements and activities is set forth in Exhibit F. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners' Association and approved by the City Council and will vary between 0 and 5% in any given year. Funding for the District improvements and activities shall be derived from a property-based assessment of each assessable parcel in the District. A detailed description of the methodology for determining the proportional special benefit each assessable parcel receives from the service and the assessment for each parcel is set forth in Exhibit E.

This Report includes the following attached Exhibits:

- EXHIBIT A:** Improvements and Activities
- EXHIBIT B:** District Boundary
- EXHIBIT C:** Special and General Benefits
- EXHIBIT D:** Publicly Owned Parcels
- EXHIBIT E:** Proportional Benefits
- EXHIBIT F:** Cost Estimate
- EXHIBIT G:** Apportionment Method
- EXHIBIT H:** Assessment Roll

Respectfully submitted,

Terrance E. Lowell
Terrance E. Lowell, P.E.

EXHIBIT A: DISTRICT ACTIVITIES

Through a series of property owner meetings the Downtown Center District Business Improvement District Renewal Committee collectively determined the improvements and activities to be delivered by the business improvement District. The primary needs as determined by the property owners were: safety/maintenance and economic development/marketing. Please refer to the Management District Plan dated December 2011 for a complete description of the improvements and activities.

Based upon these findings, the following improvement and activity categories are recommended for the District. The following narrative provides recommendations for the District's first year of operation. Final programs and budgets will be subject to the review and approval of the District Owners' Association and City Council.

Clean and Safe Programs

Safe Team Program: The Safety Program will provide security services for the individual assessed parcels located within the District in the form of patrolling bicycle personnel, nighttime vehicle patrol and downtown ambassadors. Both zones one and two receive the same level of safe services. The purpose of the Safe Team Program is to prevent, deter and report illegal activities taking place on the streets, sidewalks, storefronts, parking lots and alleys. The presence of the Safe Team Program is intended to deter such illegal activities as public urination, indecent exposure, trespassing, drinking in public, prostitution, illegal panhandling, illegal vending, and illegal dumping. The Program will supplement, not replace, other ongoing police, security and patrol efforts within the District. The Safe Team Program will maintain communication with the Los Angeles Police Department (LAPD) area patrols and intends to report illegal activities to the LAPD. The Safe Team Program will only provide its services to assessed properties within the District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates, residential serving businesses and customer usage.

Clean Program: In order to consistently deal with cleaning issues, the Downtown Center Business Improvement District Cleaning Program will continue the work that began in 1998. Basic cleaning services, such as trash pickup and removal from the district, landscape service, equipment expense and management are delivered to both zones one and two. Additional cleaning services will be provided to both Zone One and Zone Two to meet the specific needs of each zone. Zone One will receive approximately 200 additional hours of sidewalk sweeping, sidewalk cleaning and graffiti removal. Zone Two will receive approximately 625 additional hours of sidewalk sweeping, sidewalk cleaning and graffiti removal. The clean program budget for each zone can be found in the chart in Section 4, page 19. The clean team will only provide service to assessed parcels within District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. In order to consistently deal with cleaning issues, a multi-dimensional approach has been developed consisting of the following elements.

Sidewalk Cleaning: Uniformed, radio equipped personnel sweep litter, remove debris and refuse from sidewalks and gutters of the District. District personnel may pressure wash the sidewalks.

Trash Collection: Collector truck personnel collect trash from sidewalk trash receptacles as needed. District trucks are often called to assist LAPD to dispose of illegal food vendors' inventory. They are also dispatched to collect stolen shopping carts and large bulky items illegally dumped in the District.

Graffiti and Handbill Removal: District personnel remove graffiti by painting, using solvent and/or pressure washing. The District maintains a zero tolerance graffiti policy. An effort is made to remove all "tags" within 24 hours on weekdays.

Landscape: Landscape improvement and street tree trimming are important to keep the District looking attractive.

Economic Development and Marketing

In order to communicate the changes that are taking place in the Downtown Center Business Improvement District and to enhance the positive perception of the Downtown Center District parcels a professionally developed marketing, communication and economic development program has been created. The special benefit to District assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce. The special benefit to residential parcels is increased occupancy rates and an increase in residential serving businesses such as restaurants and retail stores. Public owned parcels, such as the library and park will receive special benefit from increased use which directly relates to fulfilling their public service mission. Many public owned parcels are office buildings with leasable square footage that will benefit by increases in lease rates, occupancy and commercial activity. The following are some of the programs and projects that have been implemented and are planned.

Marketing Collateral

- Newsletters
- Public Relations Materials
- Information Kiosks
- Downtown Center Map
- Retail Guide
- Marketing materials
- Website Design/Operation
- Property Owner Communication
- Annual Report/Marketing Plan
- Property Owner Survey
- Consumer Attitude Survey

Advertising

Downtown Center Business Recruitment and Retention

- Targeted Business Mailings
- Downtown Center Brokers Program
- Outlying Brokers Program
- Investment Media Relations
- Trade Show Marketing
- Property Managers Program
- Property Database Development/Update
- Property Marketing Material
- Economic Studies and Planning
- Downtown Center Residential Development Programs

Special Projects

The Special Projects budget is reserved for opportunities and additional projects that present themselves during the life of the District. These special projects will improve commerce by attracting pedestrians to provide a special benefit to the individual assessed parcels within the District. Special project funds will only be used to specially benefit assessed parcels within the District. Special projects may include activities such as, increased landscape service, tenant recruitment and support, increased communication or event production. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce. Public parcels receive special benefit from increased use which directly relates to fulfilling their public service mission. Many public owned parcels are office buildings with leasable square footage that will benefit by increases in lease rates, occupancy and commercial activity. The special benefit to residential parcels is increased occupancy rates and an increase in residential serving businesses such as restaurants and retail stores.

Management/City Fees/Delinquent Assessments

The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works on behalf of the District parcels to insure that City and County services and policies support the District. Included in this item are the cost to conduct a yearly financial review, City fees to collect and process the assessments, a reserve for uncollectible assessments and depreciation. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

EXHIBIT B: DISTRICT BOUNDARY

The Downtown Center Business Improvement District includes all parcels that will specially benefit from the proposed services and activities. The property uses within the general boundaries of the Downtown Center Business Improvement District are a mix of retail, theater, religious, parking, office and residential. Services and improvements provided by the District are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. All of the services provided, such as the security work provided by the Safe Team and the maintenance work provided by the Clean Team, are over and above the City's baseline of services and are not provided by the City. These services are not provided outside of the District because of the unique nature of these services focusing on the particular needs of each individual assessed property within the District. These services provide particular and distinct benefits to each of the individual assessed parcels within the District.

In order to ensure that parcels outside of the District will not specially benefit from the improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, maintenance/sanitation personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside the District boundaries. District promotional efforts will aggressively promote and emphasize activities that benefit individual assessed parcels within District boundaries.

The boundary is formed by:

Northern Boundary. The Northern boundary begins at the intersection of the 110/Harbor Freeway and 1st Street. Head east on 1st Street to the intersection with Los Angeles Street. All parcels on the south side of 1st Street are included in the District.

Property north of 1st Street is predominately dominated by large government uses including the Los Angeles Department of Water and Power, Los Angeles County Court, Los Angeles County Hall of Records, Los Angeles County Criminal Courts and the Los Angeles City Hall. These large parcels north of 1st Street are predominantly zoned "Public Facilities" and will not receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. The property south of 1st Street is predominately in private ownership, predominantly zoned "Commercial" and will receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels.. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Eastern Boundary. The Eastern boundary begins at the intersection with the Northern boundary at Los Angeles Street. Turn south along Los Angeles Street to the intersection with 2nd Street. At 2nd Street turn west to an intersection with the east parcel line of the parcel facing on the east side of Main Street. Proceed south following the east parcel line of property facing on the east side of Main Street, from 2nd Street to 4th Street, at 4th Street proceed west along the center of 4th Street to the intersection of the east parcel line of the parcel on the south east corner of 4th Street and Hill Street. From 4th Street to 8th Street the Eastern boundary follows the east parcel line of property facing on the east side of Hill St., from 8th Street, to Olympic Boulevard. the Eastern boundary is the center of Hill Street., to the intersection of with the Southern Boundary at Olympic Boulevard.

The eastern boundary of the Downtown Center Business Improvement District abuts the western boundary of several established business improvement districts. From north to south the Downtown Center Business Improvement District abuts the Little Tokyo BID, the Historic Downtown BID and the Fashion District BID. All of these BIDs provide improvements and activities similar to those proposed to be provided by the Downtown Center Business Improvement District. From 3rd Street to 6th Street on the eastern border the area abutting the Downtown Center District was formerly the Toy District Business Improvement District. The parcels in the former Toy District are predominantly wholesale in nature and will not receive special benefits from the District services which are designed to provide special benefits to the retail, theater, religious, parking, office and residential parcels. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Southern Boundary. The Southern boundary begins at the intersection with the Eastern boundary the Southern boundary is the center of Olympic Boulevard to Flower Street. At Flower Street the boundary proceeds north to 9th Street along the center of Flower Street. At 9th Street the boundary proceeds west to the 110/Harbor Freeway along the center of 9th Street.

The southern boundary of the Downtown Center Business Improvement District abuts the northern boundary of the South Park BID from the Harbor 110 Freeway to Grand Avenue. The South Park BID provides improvements and activities similar to those proposed to be provided by the Downtown Center Business Improvement District. From Grand Avenue to Broadway the southern boundary abuts an area that is currently being studied by the South Park Business Improvement District for inclusion in that District. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services

to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Western Boundary. The Western Boundary begins at the intersection with the Southern boundary at Olympic Boulevard. The Western boundary from Olympic Boulevard to 9th Street is the center of Flower Street. From 9th Street to 1st Street the Western boundary is the 110/Harbor Freeway.

The western boundary of the Downtown Center Business Improvement District is the 110/Harbor Freeway. The Freeway acts as a barrier on the western boundary separating the parcels within the district from those outside of the district. The Freeway acts as a barrier to insure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual parcels within the boundaries of the District. In order to ensure that parcels outside of the District will not specially benefit from the unique improvements and services funded with the assessment, improvements and services will only be provided to individual assessed parcels within the boundaries of the District. Specifically, security patrols, cleaning personnel, and similar service providers employed in connection with the District will only patrol and provide services to individual assessed parcels within the District, and will not provide services outside of District boundaries.

Benefit Zones

All properties within the District boundary do not receive the same level of service or special benefit from the proposed services and activities. In order to determine the service levels and special benefit the District is segregated into benefit zones based upon each zone's unique characteristics and service requirements. For the Downtown Center BID the District is segregated into two benefit zones to address such needs.

Zone One is defined as all parcels within a boundary formed by 1st Street on the north, The 110/Harbor Freeway on the west. The Eastern boundary is the center of Hill Street from 1st Street to midway between 4th Street and 5th Street. From midway between 4th Street and 5th Street the Eastern boundary is the center of Olive Street. From 5th Street to 6th Street the Eastern boundary is the center of Grand Avenue. From 6th Street to Wilshire Boulevard the Eastern boundary is the center of Hope Street. From Wilshire Boulevard to 9th Street the Eastern boundary is the west parcel line of property facing on the west side of Flower Street. The Southern boundary of Zone One is between Hill Street and Olive Street is the south property line of the parcel mid block between 4th Street and 5th Street. The southern boundary between Olive Street and Grand Avenue is the center of 5th Street. The Southern boundary between Grand Avenue and Hope Street is the center of 6th Street. The Southern boundary between Hope Street and Flower Street is Wilshire Boulevard. The Southern Boundary between Flower Street and the Harbor/110 Freeway is 9th Street.

Zone Two Zone Two is defined as all parcels within a boundary formed by 1st Street on the north from Hill Street to Los Angeles Street. The Eastern boundary of Zone Two is the

Eastern boundary of the District. The Southern boundary of Zone Two is Olympic Boulevard from Hill Street to Flower Street and 9th Street from Flower Street to the first alley west of Flower Street. The Western boundary of Zone Two begins at the intersection of 9th Street and the first alley west of Flower Street. Turn north along the center of the alley to 8th Street. At 8th Street turn west along 8th Street to Figueroa Street. At Figueroa Street turn north to 7th Street. At 7th Street turn east to the intersection with the first alley east of Figueroa Street. Turn north along the middle of the alley to Wilshire Boulevard. Turn east on Wilshire Boulevard to Hope Street. Turn north on Hope Street to 6th Street. At 6th Street turn east to Grand Avenue. At Grand Avenue turn north to 5th Street. At 5th Street turn east to Olive Street. Turn north on Olive Street to midway between 5th Street and 4th Street turn east to Hill Street. At Hill Street turn north to 1st Street.

EXHIBIT C: SPECIAL and GENERAL BENEFITS

The Property and Business Improvement District Law of 1994, as amended, and the State Constitution Article XIIIID require that assessments be levied according to the special benefit each assessed parcel receives from the services and activities. Article XIIIID Section 4(a) in part states "only special benefits are assessable," which requires that we "separate the general benefits from the special benefits conferred on a parcel." A special benefit as defined in Article XIIIID means a particular and distinct benefit over and above general benefits conferred or real property located in the District or to the public at large.

Special Benefit

All of the District services and activities are to enhance and not replace or duplicate any City-provided services. The intent of the District is to fund supplemental services, programs and activities to each individual assessed parcel within the District boundary above and beyond the services each parcel receives from the City from its general property taxes. All benefits derived from the assessments outlined in this report are for property-related services directly benefiting the individual assessed parcels in this specialized District that support increased commerce and the goals and objectives of the business improvement District. The special benefit must affect the assessed property in a way that is particular and distinct from its effect on other parcels and that real property in general and the public at large do not share. Inasmuch as all services will be provided to each of the properties within the District boundaries and no services will be provided to any parcel outside the District boundaries, and whereas these services are above and beyond what the City currently provides with its General Fund, the assessments levied are only for the special benefits received. The District services provide particular and distinct benefits only to each individual assessable parcel within the District, not to the public at large. The proposed services are narrowly defined to confer a particular and distinct benefit to the individual assessable parcels within the District. The services do not confer general benefits on the community as a whole, like general City services. Each of the parcels in the District participates in the tangible benefits from the parcel-specific security, maintenance, and marketing programs.

We determined that each of the proposed services and activities provides special benefit only to the individual assessable parcels within the District area. Each of the activities is designed to meet the goals of the District; to improve the cleanliness and safety of each individual assessable parcel within the District, to increase building occupancy and lease rates, to encourage new business development and attract residential serving businesses and services to each individual assessed parcel within the District. A basic premise of commercial business is that increased pedestrian traffic increases the economic return to each individual assessable parcel. The increase in pedestrian traffic is likely to encourage commerce from both visitors and residents. All pedestrian traffic is considered to be potential customers who will become the target audience for future patronage of retail and business establishments and services, and the renting of space in commercial and residential buildings. The enhanced District

services are a special benefit to each individual assessable parcel because they are intended to increase pedestrian traffic. The special benefit to individual assessable parcels from these proposed District services and activities exceeds the total amount of the proposed assessment.

Clean and Safe

These activities, as described in Exhibit A, are above the City's base level of services and intended to provide a cleaner and safer environment to the property owners, tenants, and visitors. The presence of the Safe Team is intended to deter such illegal activities as potential break ins, automobile related crimes, petty theft, public urination, indecent exposure, trespassing, drinking in public, illegal panhandling, and illegal dumping. The Safe Team may also act as escorts for residents or employees to move around the District that may need additional security. While on patrol, the Safe Team monitor activity within the public area and will report suspicious activities, criminal actions and/or emergencies to the Los Angeles Police Department (LAPD). The Ambassador services are not to replace existing LAPD area patrols or any other security and patrol services throughout the District. The maintenance services will continue the efforts to enhance the cleanliness and image of the District. These services are delivered specifically to the Downtown Center area, thus, each individual assessed parcel located in the District specially benefits from the enhanced service levels. These services will not be delivered to any parcel outside the District boundary and are intended to meet the goals of the District as discussed above. All general benefits, if any are intangible and are not quantifiable because the properties outside the District boundaries will not directly receive any of the improvements or activities. Thus, the benefit they may receive is not measurable.

Economic Development, Marketing and Special Projects

These activities, as described in Exhibit A, are intended to retain, attract, and incubate new business. This is in an effort to enhance the value of the properties and encourage investment dollars. In order to accomplish this, the District proposes a myriad of business retention and recruitment, marketing, and image enhancement programs. The City does not provide any of these services. This program is designed to specially benefit the individual assessable parcels within the District by encouraging future investment and commerce. Therefore, the economic enhancements provide a special benefit to all individual assessable parcels in the District area.

Management

This program, as described in Exhibit A, is designed to develop public/private partnerships that will enhance the goals and needs of the District area, all in an effort to increase investment dollars and commerce. The program is designed to effectively and efficiently manage the day-to-day operations of the District and ensure it is meeting its goals and objectives. The above benefits are to be provided only to the individual assessed parcels within the District boundaries. The management services are unique to the District and are necessary for the District to function properly, thus they provide a special benefit only to the individual assessed parcels in the District.

General Benefit

The City's base level of services financed through the City's general fund is a general benefit to all parcels within the City's jurisdictional boundary. Any services that the City provides to the parcels in the District are a general benefit so long as those services are provided to every other parcel within the City's jurisdiction. Since the parcels within the District will receive distinct property related services over and above the base level of services that every other parcel in the City receives, the additional services solely provide a special benefit to each of the individual assessed parcels in the District.

The California State Legislature found that assessments levied for the purpose of providing improvements and promoting activities that benefit real property are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property for which the improvement and activities are provided, Streets and Highways Code section 36601(d).

EXHIBIT D: PUBLICLY OWNED PARCELS

Public Property Assessments

The Downtown Center District will provide all the activities to the City of Los Angeles or any other government-owned parcels within the District boundary. The public owned parcels are used in a manner similar to commercial uses throughout the District where people engage in business activities whether it be an office building where employees work or visitors attend governmental affairs. The District activities provide a safer and cleaner environment for people, be they employees that work in the buildings or customers that engage in commerce. Article XIIIID of the California Constitution was added in November 1996 and provides for these assessments.

A list of the publicly-owned parcels and their respective assessments are listed in Exhibit H.

EXHIBIT E: PROPORTIONAL SPECIAL BENEFITS

Methodology

Determining the proportionate special benefit among the parcels of real property within the proposed assessment District which benefit from the proposed Improvements is the result of a four-step process:

1. Defining the proposed improvements.
2. Defining how each parcel specially benefits from the proposed improvements and activities.
3. Determining the relative proportional special benefit each parcel receives in relation to the other parcels in the District.
4. Apportioning the cost of the proposed improvements and activities to each assessed parcel based on the proportionate special benefit received.

The proportional special assessment derived by each identified individual assessable parcel shall be determined in relationship to the special benefit received from an improvement or activity from the distinct property-related service being provided. Due to the proportionate special benefits the individual assessed parcels receive received from the District services, the individual assessed parcels will be assessed a rate which is proportionate to the amount of special benefits received.

Assessment Factors

Each of the District activities is designed to meet the goals of the District, i.e., to improve the safety of the people that use each individual assessable parcel and to reduce vandalism to each assessable property within the District, to increase building occupancy and lease rates, to encourage new business development; and attract ancillary businesses and services for individual assessed parcels within the District. The end result of successful implementation of these activities will benefit each individual assessed parcel. A determination of how much a parcel benefits from these activities is related to each parcel's lot size and/or building size.

For the District activities, the best measure of proportional special benefit for an individual parcel is determined by a ratio of the parcel's assessable square footage to the total assessable square footage of all parcels in the District boundary.

Assessable Square Footage Defined. The following assessment methodologies have been developed to define "assessable square footage":

Gross Building Square Footage will be the primary measure of assessable square footage. Parcels with non-parking building improvements will receive the most direct special benefit from Downtown Center Business Improvement District improvements and activities.

Gross Square Footage of Parking: Because parking structures and lots are primarily used to park cars and not to house tenants or businesses, and because parking uses have less daily pedestrian traffic than similarly sized buildings, parking uses receive a differing level of special benefit from Downtown Center Business Improvement District improvements and activities. Parking uses will be subject to one of the following methodologies:

- A. Parking square footage that is owned by the same owner as a building, and the primary use of the parking is dedicated to the building, will be assessed with one of the following methodologies:
 1. If the parking square footage is integrated within the building (under, over, or within), this square footage will be excluded from the calculation of building square footage, when determining building assessments. This parking requires no additional District services and receives no special benefit.
 2. Parking square footage that meets all of the following three criteria will be excluded from the calculation of building square footage when determining building assessments. This parking requires no additional District services and receives no special benefit.
 - a. attached to a building; and
 - b. has the same ownership as the building and;
 - c. Is on the same parcel as the building.
 3. Non-integrated/non-attached structured parking and/or surface parking with the: same ownership as a building and;

With the primary use of its parking dedicated to the building requires less District services than a building and will receive a differing level of special benefit than a building, will be assessed on land square footage only. Each individual assessed parcel pays 100% of the special benefit it receives from the District activities. Non-integrated structured parking need not be adjacent to the building which uses a majority of its parking, but must be within one thousand feet of the property owner's primary building related to this structure. The one thousand feet will be measured from the closest parcel lines of the building parcel and parking structure parcel.

- « For example, the parking structure could be across the street from the primary building.
- B. Parking square footage that does not have the same ownership as a building will be assessed with one of the following methodologies:
 1. Non-integrated structured parking with ownership different than any building that may use a majority of the parking will be assessed on land square footage, plus 50% of the parking structure building square footage. Non-integrated structured parking, with separate ownership, because of its commercial nature and diversity of users requires district services and receives

a differing level of special benefits than parking that primarily serves a single building, but less services and receives a differing level of special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings parking uses, by comparison, receive 50% less special benefit. Each parcel pays 100% of the special benefit derived by the individual parcel.

2. Independent stand-alone structured parking that does not have a majority of its parking dedicated to any one building will be assessed on land square footage, plus 50% of the parking structure building square footage. Non-integrated structured parking, with separate ownership, because of its commercial nature and diversity of users requires district services and receives more special benefits than parking that primarily serves a single building, but less services and receives a differing level of special benefit than a building. Parking structures are primarily used to park cars and not to house tenants or businesses and because parking uses have less daily pedestrian traffic than similarly sized buildings parking uses receive 50% less special benefit. Each parcel pays 100% of the special benefit derived by the individual parcel.

- C. Surface parking will be assessed on land square footage,

Vacant or Undeveloped Land:

1. Vacant/undeveloped land will be assessed on land square footage.

The new structure square footage will be assessed when the building receives a certificate of occupancy. New structure assessments for the current fiscal year will be prorated to the date they receive the certificate of occupancy.

Assessable Square Footage is the total of gross building square footage and/or when applicable, land square footage, plus applicable, assessable parking square footage for each parcel.

EXHIBIT F: COST ESTIMATE

2013 Operating Budget

The following table outlines the District maximum assessment operating budget for calendar year 2013.

Activity	Budget
Clean and Safe	\$3,115,527
Economic Development/Marketing	\$1,656,436
Management	\$1,051,737
Special Projects	\$130,000
TOTAL	\$5,953,700

Budget Notations

1. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners Association and will vary between 0% and 5% in any given year.

EXHIBIT G: SPECIAL BENEFIT APPORTIONMENT METHOD

As previously discussed the two benefit zones receive varying levels of service based on each zone's demand for services. The State Law and State Constitution Article XIII(D) require that special assessments be levied according to the special benefit each individual assessed parcel receives from the improvements. In order to match assessment rates to benefits, two benefit zones have been created within the District. Zone Two will receive greater benefit in the form of a higher frequency of cleaning, and graffiti services and property owners in Zone Two will pay a higher assessment rate. Zone One properties, because of less pedestrian activity, require less cleaning services in order to maintain a level of cleanliness consistent with Zone Two and provide a consistent level of cleanliness throughout the District therefore Zone One properties will pay a lower assessment rate. In order to allocate the cost of each zone to the parcels within that zone for the special benefits received we use the assessable square footages for each parcel within each zone; shown below.

Benefit Zone	Assessable Sq. Ft.
Zone One	39,238,353
Zone Two	24,384,825
TOTAL	63,623,178

A portion of the Downtown Center Business Improvement District activities and improvements are shared by both Zones One and Two and that share of the budget is allocated to both zones. Additional clean and safe programs are specific to Zone One and Zone Two and each zone's share of that budget allocation is allocated to the appropriate zone.

Budget Distribution	Zone One	Zone Two	TOTAL
Clean & Safe	\$1,596,521	\$1,519,006	\$3,115,527
Economic Dev/Marketing	\$1,022,999	\$ 633,437	\$1,656,436
Management/City Fee/ Slow	\$ 649,543	\$ 402,194	\$1,051,737
Special Projects	\$ 80,287	\$ 49,713	\$130,000
Total	\$3,349,349	\$2,604,351	\$5,953,700

Based upon the methodology as set forth above, first year assessments per assessable square foot are shown below:

Budget Allocation	Calculation	Zone One	Zone Two
Zone One	\$3,349,349/39,238,353 sq.ft. =	\$0.08535906	
Zone Two	\$ 2,604,351/24,384,825 sq. ft. =		\$0.10680212

For example, to calculate the assessment for a parcel in Zone One with 100,000 assessable square feet: assessable square footage x Zone One assessment rate = the total annual parcel assessment.

$$(100,000 \times \$0.08535906 = \$8,535.91 \text{ annual parcel assessment})$$

The assessment for each parcel is calculated in the same manner as the example above, respective of each benefit zone and assessment rate.

Budget Adjustment

Any annual budget surplus will be rolled into the following year's District budget. The budget will be set accordingly, within the constraints of the management plan to adjust for surpluses that are carried forward. Funds from an expired District shall be rolled over into the new District if one is established, or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

Future Development

As a result of continued development, the District may experience the addition or subtraction of assessable commercial footage for parcels included and assessed within the District boundaries. The modification of parcel improvements assessed within the District may then change upwards or downwards the amount of total footage assessment for these parcels. New structure assessments will be prorated to the date they receive the temporary and/or permanent certificate of occupancy.

In future years, the assessments for the special benefits bestowed upon the included BID parcels may change in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report provided the assessment rate does not change. If the assessment formula changes and increases assessments then a Proposition 218 ballot will be required for approval of the formula changes.

EXHIBIT H: ASSESSMENT ROLL

The total assessment amount for 2013 is \$5,953,700 apportioned as follows:

APN	Site Address	ZONE	Assessable Sq footage	Owner Group	2013 Amt	%
5144-020-900	800 S Hope	Zone 2	254,304	California State Teachers' Retirement System Total California State Teachers' Retirement System	\$27,160.21	0.46%
